

# LEARNING CHOICE BOARD (May 11 - May 15)

## LITERACY

Read the first page of a book of your choice. Then talk about how the author uses that first page to “hook” the reader to continue reading. How could you use that idea in your own writing? Experiment with different ways you could start your story to hook your reader.

## LITERACY

Brainstorm a list of possible story writing topics for future use. Choose one idea from your list to complete today and create a plan. Think about who your audience will be and why you want them to be your audience. What type of writing would be the best (e.g. mystery, nonfiction, adventure)?

## LITERACY

Create a short story for each letter of the alphabet. For example, A for astronaut. Then come up with a short story or couple of sentences about an astronaut. Check out [Oliver Jeffer's](#) book [Once Upon an Alphabet](#) for some ideas!

## NUMERACY

If someone drove 56 km for work each day, how many km would they drive in one month? Would they drive the same number of kilometres each month?

## NUMERACY

You are planning to serve cake to 40 people. Each cake is cut into 6 slices. How many cakes will you need to buy? Will you have extra slices? If each cake costs \$9.00 how much will it cost to buy all of the required cakes?

## NUMERACY

How many candies are in the jar?  
There are less than 70.  
The number does not contain the digits 1, 3, 4, 5, 7 or 8.  
There are more than 50.  
The number of candies is odd.

## CREATIVE

Try to make an origami creation using one of the instruction sheets from the [Libraryplus](#) website.

## SCIENCE

Go check out Natural Geographic [Amazing Animals](#) videos. Choose 2 videos to watch. List 3 things that wowed you. Is there something that has piqued your interest?

## CREATIVE

Pick one of your favourite songs. Choreograph a dance routine to go with the song. Teach it to your family members!

## PHYSICAL ACTIVITY

Create a scavenger hunt for your family in your home or neighbourhood. Make a list of things for them to find or notice. Enjoy the scavenger hunt together. Here is an [example for ideas](#).

## PHYSICAL ACTIVITY

What does it mean to be healthy?  
Use [this document](#) to help you reflect on living a healthy life.

## PHYSICAL ACTIVITY

Read the *Coping with COVID-19* article from the Canadian Reader (link on website). Fill out the “My Day Plan” and share it with a family member. Try one of the “after reading activities” and share what you made.
