

EXTENDED LEARNING CHOICE BOARD

LITERACY

Step into My Shoes Narrative: Pick a pair of shoes in your house - they can be anyone's shoes! Describe them vividly and give them a day in the life. Where are they going? What are they doing and feeling?

NUMERACY

A number includes two 7-digits and two 4-digits. One 7 is worth 100 times as much as the other. One 4 is worth 10 times as much as the other. What number could it be?

OR

Which would you rather have: \$5.00 every minute for 5 months or one million dollars? Explain your choice using math thinking.

CREATIVE

Grade 5 Yearbook Cover challenge: See attached Yearbook guidelines*

You are invited to come up with a design for our yearbook cover. All entries will be voted on and the winning cover will be featured on our 2019-2020 yearbook.

Please see the website for detailed instructions.

(due back to Miss Racz by May 4th, 2020)

PHYSICAL ACTIVITY

Get a deck of cards (or make cards on small pieces of paper). As a family take turns drawing a card. You must do the exercise that goes with the suit and the number of reps according to the number on the card. Spades = Jumping Jacks, Hearts = Burpees, Clubs = Squats, Diamonds = Push ups, Kings = sing a song, Queens = Do your best dance moves, etc. Try to complete this activity 3 or more times during the week.
